MANAGEMENT SERVICES PVT. LTD.

The Story So Far

Mr. Kamlesh Sawant established H2O Management Services Pvt Ltd as a sole proprietorship in 2003. Mr. Sawant holds a master's degree and a certification in water quality management and began his career in the water treatment industry both domestically and abroad, working across Africa and Southeast Asia. Having gained expertise in the field, he set out to achieve his ultimate ambition of becoming a businessman, eventually amassing a team of 65+ and operating for 19+ years.

Our goal is to design and execute solutions that surpass environmental standards and also reduce operational costs. We have expertise in engineering solutions to design customized water treatment plants as per customer requirements with detailed study of feed water analysis required output water quality, application of treated water and also available resources. We aim to keep sustainability & performance at the heart of every solution we design.

Dedicated and Own Manufacturing Unit is in Assangaon. Our offices are located at Mumbai, Kenya, & Cambodia, as well as tie-ups in Kuwait.

Vision

"To increase customer productivity by providing quality systems globally while taking care of environment."

Mission

"To understand customer requirement and design systems to meet precise customer needs innovate and to provide quality customer support."

USP

Transparency is the key to our success

High percentage of repeat customer

Highly experience & expertise team

Free consultancy

Service support beyond warranty

Upgradation as per requirement

Eco-friendly

Ethical business

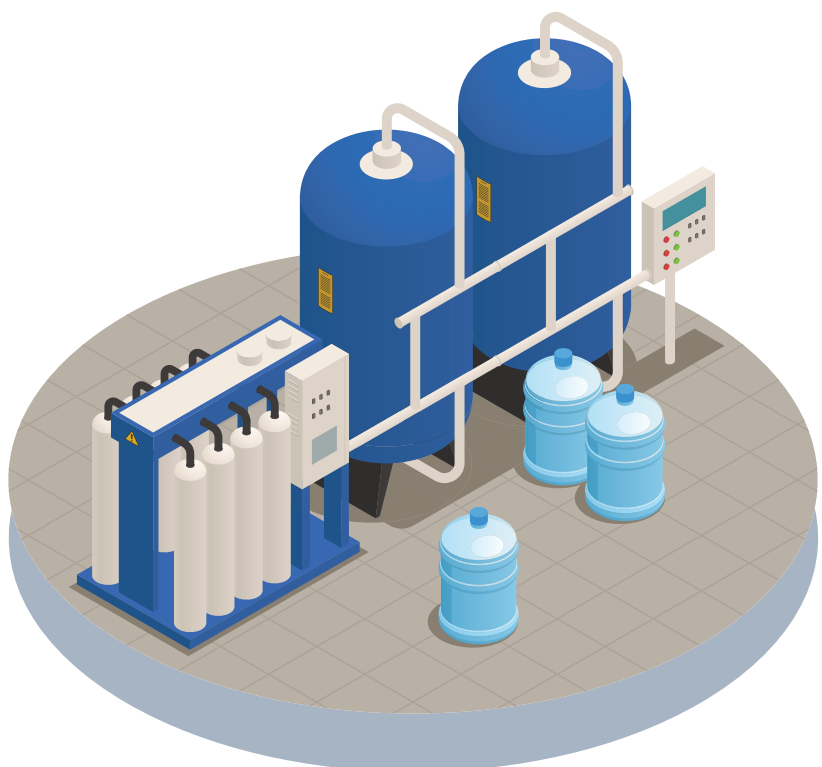

Customized systems as per customer requirement

Customer support

Handling service call beyond office hour

Products, Technology & Systems

WATER TREATMENT

- Pressure Sand Filter
- Activated Carbon Filter
- Iron Removal Filter
- Fluoride removal
- Softening System
- Demineralisers
- Ultra-filtration
- Nanofiltration Systems
- Reverse Osmosis Systems
- Electrodeionisation
- Disinfection System

WASTEWATER TREATMENT

- Sewage Treatment Plant
- MBBR
- MBR
- SBR
- Reed Bed System
- Effluent Treatment Plant
- Zero liquid discharge

Markets We Serve

PHARMACEUTICALS

- High purity water generation
- Distribution Loop
- Complete validation documentation support as per (USFDA, UKMCA & WHO norms certified etc.)

HEALTHCARE

- Water for dialysis (AKD)
- Sterile water
- Water for laboratory
- Boilers and cooling water
- ETP & STP (Wastewater from laundry, toilets, Kitchens, OT, Lab)

HOTELS & RESORTS

- Drinking water
- Water for bathing and laundry
- Swimming pool
- Boiler & Cooling water
- Sewage Treatment Plant (Waste water from laundry, toilets, Kitchens)

FOOD & BEVERAGES

- Mineral Water
- Boiler Water
- Drinking Water
- Disinfection System
- Water for Production of Beverages
- ETP- STP (Wastewater System)

OIL & REFINERY

- Water for Coolant
- Diesel exhausts fluid (DEF)
- Lubricants, Oil & Grease during the production of the finished products.

DEFENCE

- High purity water for Reactors
- Reprocessing plant
- Machinery & Equipment
- Complete validation documentation support as per norms

RESIDENTIAL & COMMERCIAL

- Drinking water
- Water for bathing, kitchen
- Swimming pool water filtration and Disinfection System
- Sewage Treatment Plant (Wastewater from toilet)
- Grey water System (Wastewater from Kitchen & Bathroom)

ENGINEERING

- Appliances
- Machinery
- Electronics
- Automobiles vehicles parts
- Metallurgy

ELECTROPLATING

- Battery Water
- Imitation Jewellery
- Automotive
- Electronics

TEXTILE

- Effluent Treatment Plant
- Boiler Water

Spares & Chemicals

We provide spares and consumables to our customers with an extremely fast turnaround time. This leads to operational efficiency for our customers.

- RO Membranes
- Cartridge Filter
- Water & Waste Water Treatment Chemicals
- Conductivity /PH/ORP Meter
- Multiport Valves
- Sand /Carbon Media
- Resin
- Pressure Gauges /Switches
- Level Gauges /Transmitter
- Dosing Pump
- UV Tubes
- Cooling Tower & Boiler Chemicals

Maintenance & Operations

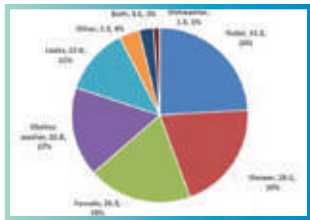

24x7 access to the manager regarding operation

24x7 operation staff

Regeneration and chemical cleaning of system

Maintaining the total water consumption record for the customer

General preventive maintenance

Safety audits

Technical support to operators - telephonic

Breakdown maintenance

Chemicals/Consumables

Managing Advance Inventory - Spares

Complaint Attending

Providing Legal Compliances (PF, ESIC, PT)

Testing water parameters

Tech support for pcb audit

Water balance data - monitoring and control

Automation / remote monitoring

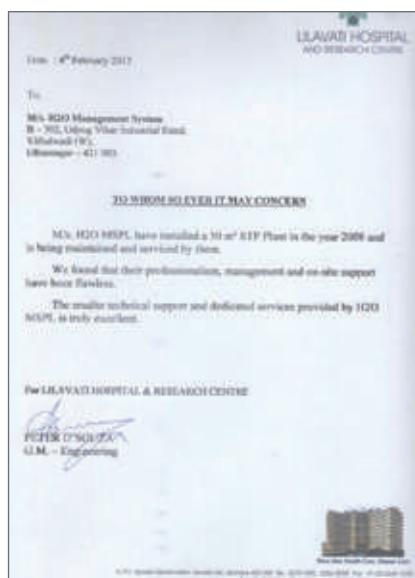

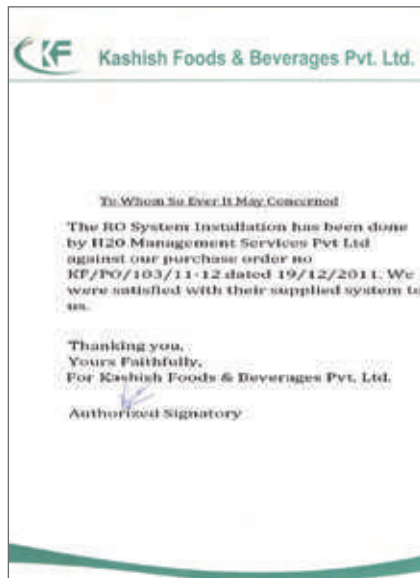

Optimization/management of whole water - treatment/ recycling /reuse/cooling tower water management/ other water usages

Maintaining daily records of system

Customer Testimonials

... and many more

Project Photos

Client: Diasys Diagnostics India Pvt Ltd, Mumbai
Product - RO - EDI System (Stainless Steel)

Client: Ultra Plus Lubes Pvt Ltd, Mumbai
Product - RO System (FRP)

Client: Teva Pharmaceutical, Mumbai
Product - RO-EDI System (Stainless Steel)

Client: Godrej & Boyce Mfg. Co. Ltd., Khopoli
Product - 50MPH Ultra filtration System

Client: Standard Greases
Product - DM- MB System

Client - Bisleri, Kolhapur
Product - RO System for Drinking

Client: Kenya, Nairobi
Product - RO System for Dialysis

Client: A Company from Cambodia
Product - RO System

Reliance Hospital Koparkhairane
Product - MBBR Technology, STP Unit

Client: BCM, Indore
Product - MSEP Filtration Systems

Client: Fortis Hospital, Mumbai
Product - Effluent Treatment Plant for canteen waste

Client: Bhabha Atomic Research Centre -
De-mineralised Plant in SS304L

Client: District Government Hospital, Pune
Product - Effluent Treatment for laundry machine
